1. Background Information

About the school

- 1.1 Lote Tree Primary School is an independent co-educational day school situated in the Foleshill area of Coventry. The school was originally founded in 1998 with a designated faith Islamic ethos. The school is managed by the proprietor, supported by an advisory board of governors. Led by the headteacher, the school's senior leadership team is responsible for the day-to-day management of the school. The school comprises two sections: the Early Years Foundation Stage (EYFS), for children aged 2 to 4 years, and the junior department, for pupils aged 5 to 11 years.

What the school seeks to do

- 1.2 The school aims to enable every child to excel. It endeavours to achieve this through what is intended to be a broad and balanced approach to education based on faith and values of respect to ensure each child is a happy, active and independent learner, who will be enabled to exceed their potential. The school seeks to lay the foundations to encourage pupils to become responsible and productive members of the wider society.

About the pupils

- 1.3 Pupils come from a diverse range of cultures and backgrounds in the surrounding local area. Standardised assessment data provided by the school indicate that the ability of pupils is broadly average compared to those taking the same tests nationally. There are no pupils in the school who have an education, health and care (EHC) plan. The school has identified two pupils as having special educational needs and/or disabilities (SEND), which include dyslexia and dyspraxia, both of whom receive additional specialist help. English is an additional language (EAL) for 42 pupils, whose needs are supported by their classroom teachers. Data used by the school have identified six pupils as being the more able in the school's population, and the curriculum is modified for them.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
