Newsletter

Autumn Term 2021

Welcome to Year 1 and 2's newsletter. The children have had a fabulous first half term. They have swiftly settled into the new routine and have been engaged in an assortment of fun learning activities. We would like to share some of our journey so far.

SCIENCE

Animals Including Humans

Year 1 had a lot of fun exploring their senses by investigating whether they could taste fruit without seeing or smelling it. The blind folded experiment proved to be very tasty! Meanwhile Year 2 were busy exploring growth and feet by investigating whether the eldest children in the school had the biggest feet!

We could not see or smell the fruit!

We had to use our sense of taste only!

We asked children from each class to draw around their foot, we then used a ruler to measure all the feet!

ISLAMIC EDUCATION

Respect and Akhlaaq

The children engaged in role play to explore friendship, they demonstrated empathy and responded with good manners when characters were treated badly. They also considered the value of a mother and produced descriptive writing expressing their gratitude for all that their mother does for them.

Your Mother, Your Mother, Your Mother

HEALTHY LUNCH BOXES

We considered healthy options for our lunch boxes and children made distinctions between healthy and unhealthy choices. They took part in a competition to design a healthy lunchbox which included all of the food groups.

BLACK HISTORY MONTH

To mark Black History Month, we discussed famous black people who were able to offer services to others despite their oppression. The children thought about how they could make history through their service to the community and created a display of their fantastic ideas.

HISTORY

Grace O'malley - The Pirate Queen

The children explored the past by examining ideas about pirates, they considered the characteristics of a pirate, challenging stereotypes in the light of historical enquiry.

Well done to The Magnificent Mulberries! We have had a wonderful start to the year!
We look forward to more exciting learning opportunities in the next term.
